

CDD

- Multiple uploading of final action and editable
- If possible CHAT BOX

ARD TS/MS

- Letters/communications addressed to ARD, need ba nila e encode as incoming document or e refer nila sa Records/ORED (system right now is restricted to ORED/RECORDS on inputting of incoming documents)

Finance

- Routed to 1 division but in actual dapat 2 ka division ang mag comply, **option 1**: ignun ni division si ard staff na dapat e click niya ang ang isa ka division sa routing. Option 2: nay option si division 1 na mag input sa isa ka division na need mag comply, dili siya rerouted.
- Kanus-a mawala ang pending sa rerouted office once gi reroute, pag received sa rerouted office or pag reroute (date of reroute) na mismo ni division to rerouted office?
- **Received by rerouted**

Internal/Financial documents

- All must be editable, required fields are only subject and date/time received.
- Dashboard counting summary clickable to list the documents, also recent activity document numbers, dapat clickable para diretso edit.
- Data in sidebar are viewed all office not by office (Bug)
- Return to dashboard after save (only records/ored lng ang dili mo return sa initial)
- Final action office date input (dili maka input sa year, 1900 mugawas)
- **Meeting documents/immediate compliance documents ni ARD, unsaon pag upload ug final action?**
- Dashboard for records are separate (records account must be exclusive to Records unit, must not be tagged as Admin division)
- Add for Receiving/Releasing (count) in dashboard
- If referred to ARD MS/TS, divisions must not be restricted, all are open, they can select all divisions
- Final action uploaded must be open (dili tanan documents need for approval)

- If receiving tagged General circulation instead of Confidential, legal division can edit the type of document (change to confidential)
- Change color of save button (brighter/light)
- Internal documents (activity reports) – upload signed document (last part)
- Red instructions (must be open not restricted)
- Recent activity (by office)

ORED

- (Travel reports documents) Is the new DMS update can add comments if there are new updated from the RED/HEA
- Is it editable regardless of the time gaps instructed from RED and from the day it was recorded
